RACING AND GAMING COMMISSION
BRIAN J. OHORILKO, ADMINISTRATOR

February 21, 2014

The Honorable Terry Branstad
Governor, State of Iowa
State Capitol
Des Moines, IA 50319

Dear Governor Branstad:

I am pleased to have the opportunity to submit the 2013 Annual Report on behalf of the Iowa Racing and Gaming Commission (the Commission). The Commission is committed to maintaining a vibrant racing and gaming industry that provides economic growth and development for the State of Iowa while continuing to promote responsible gaming and ensuring continued participation in the "Buy Iowa First" program. As always, the integrity of the racing and gaming industry in Iowa remains as our highest priority.

The casinos generated more than $276 million in gaming taxes during 2013. Over $39 million in contributions this year by the non-profit licensees provided significant benefits to local and surrounding communities.

In 2013, the Commission awarded an operator's license in Woodbury County to Sioux City Entertainment. Sioux City Entertainment has committed to a $120 million investment in the area proposing a new Hard Rock branded land-based casino by revitalizing the historic Battery Building. Construction is scheduled to be completed this summer with an anticipated opening in July 2014 and is planned to provide more than 500 jobs within the community.

Also, in 2013, Harrah's Council Bluffs completed an $8 million renovation by moving their gaming operations onto land. In addition, the Commission approved an $18.5 million remodeling project at Prairie Meadows Racetrack and Casino that will include upgrades to the gaming floor, main entrance, concessions, and grandstand seating area. Further, the Commission approved the asset purchase of IOC Davenport d.b.a. Rhythm City Casino by Scott County Casino LLC for $51 million just after the first of the year which will provide for an opportunity of additional development in Davenport in 2015. These examples demonstrate commitments to the Commission's desire to upgrade the facilities and to make them entertainment destinations.

2013 also saw renewed interest in potential expansions of the industry, with license applications being submitted from Linn County and Greene County. The Commission will carefully consider any possible expansions. To that end, the Commission has selected two vendors to conduct a statewide market assessment of gaming in Iowa as part of that consideration, and we will do our best to render thoughtful decisions that are in the best interest of the people of the State of Iowa.

Lastly, the Commission received $125,000 in funding in FY14 to conduct a socioeconomic study on the impact of gambling on Iowans pursuant to 99F.4(24). The Commission participated in a Request for Proposal process to select a vendor to complete this study. The socioeconomic study is scheduled to be completed in May of 2014.

The Commission wishes to commend its staff for their continued hard work and dedication. Along with the DCI and the Attorney General's Office, our Administrator, Brian Ohorilko and his staff provide the Commissioners, the gaming industry, the racing industry and the public thorough, timely and accurate information and analysis.

It continues to be a pleasure and privilege of the other Commissioners and me to serve at your pleasure on the Commission.

Sincerely,

Jeff Lamberti, Chair

LIFETIME VOLUNTARY SELF-EXCLUSION PROGRAM

This program was required by the 2004 General Assembly as part of HF2302. The Commission adopted an administrative rule, 491 – 5.4(12), requiring implementation by the licensed casino operators which became effective on November 3, 2004. The licensed casino operators launched the program on the same date.

Specifically 99D.12(23) states; To require licensees to establish a process to allow a person to be voluntarily excluded for life from a racetrack enclosure and all other licensed facilities under this chapter and chapter 99F. The process established shall require that a licensee disseminate information regarding persons voluntarily excluded to all licensees under this chapter and chapter 99F. The state and any licensee under this chapter or chapter 99F shall not be liable to any person for any claim which may arise from this process. In addition to any other penalty provided by law, any money or thing of value that has been obtained by, or is owed to, a voluntarily excluded person by a licensee as a result of wagers made by the person after the person has been voluntarily excluded shall not be paid to the person but shall be credited to the general fund of the state.

And 99F.4(22) similarly states; To require licensees to establish a process to allow a person to be voluntarily excluded for life from an excursion gambling boat and all other licensed facilities under this chapter and chapter 99D. The process established shall require that a licensee disseminate information regarding persons voluntarily excluded to all licensees under this chapter and chapter 99D. The state and any licensee under this chapter or chapter 99D shall not be liable to any person for any claim which may arise from this process. In addition to any other penalty provided by law, any money or thing of value that has been obtained by, or is owed to, a voluntarily excluded person by a licensee as a result of wagers made by the person after the person has been voluntarily excluded shall not be paid to the person but shall be credited to the general fund of the state.

LABORATORY TESTING

The Iowa Racing and Gaming Commission, through comprehensive drug testing of participating animals, strives to protect the integrity of the sport of racing in Iowa. Iowa's urine and blood testing program is the backbone of the agency's policing functions. The drug testing program was conducted by Iowa State University Veterinary and Diagnostic Laboratory, the Commission's racing chemist.

Through chemical analysis of urine and blood samples collected from racing animals at the tracks, the Commission ensures that foreign substances are not being administered to racing animals pursuant to Iowa Code Chapter 99D.25.

The following is a summary of the samples tested and positive tests reported by the Laboratory in 2015 for the Commission.

IOWA BREEDERS FUND

The Department of Agriculture maintains a database of thoroughbred and quarterhorses that have qualified to be Iowa-foaled horses, as well as greyhounds that have qualified as Iowa-whelped dogs according to Iowa Code Chapter 99D.22 and Administrative Rules of the Department of Agriculture and Land Stewardship.

An amount equal to 12% of the winner's share of any purse won by an Iowa-foaled horse or Iowa-whelped dog is withheld by the licensee from the breakage and paid at the end of the race meeting to the Department of Agriculture and Land Stewardship for redistribution as breeders' awards.

Iowa Code Chapter 99D.11 and 12 authorize distribution of the remaining breakage as follows:

At horse tracks, 2% of the remaining breakage is distributed to the Horse Promotion Fund and the balance of the breakage at horse tracks is distributed as purse supplements to the owners of winning Iowa-bred horses.

The remainder of the breakage at greyhound tracks is divided, with 25% funding a stakes race restricted to registered Iowa-whelped greyhounds, 2% funding the Dog Promotion Fund and 73% distributed as purse supplements to the owners of winning Iowa-whelped greyhounds.

One percent of the exotic wagers, including 3 or more horses, dogs or races, is distributed as provided in 99D.12 above.

The amounts created from the total breakage and a portion of the casino revenues as statutorily required, were paid out as follows in 2015:

IOWA'S WAGERING DOLLAR

IOWA'S PARI-MUTUEL DOLLAR

Actual percentage withheld from each wagering dollar depends on the type of wager. Chapter 99D.11(5) authorizes takeout up to eighteen percent on win, place, and show wagers; twenty-four percent on doubles (two dogs/horses/ races); and twenty-five percent on triples (3+dogs/horses/races). Pari-mutuel taxes may range from 0 to six percent on live races based on increasing levels of mutuel handle. Simulcast wagering is taxed at two percent of the pari-mutuel handle. (Chapter 99D.15)

Breakage (the odd cents by which the amount payable on each dollar wagered in a pari-mutuel pool exceeds a multiple of ten cents) is distributed to the owners and breeders of Iowa-foaled horses and Iowa-whelped dogs.

IOWA'S GAMING DOLLAR

Iowa's gaming industry consists of slot machines, table games, and other games of chance as authorized by the Commission. Slot machine statistics are kept on the total amount wagered and adjusted gross revenue. Each slot machine must have at least an eighty percent pay-out to the patron. Available data for table games includes the drop and the ratio of drop to the adjusted gross revenues.

The tax based on adjusted gross revenues from gambling games is: Up to $1,000,000, five percent; above $1,000,000 up to $3,000,000, ten percent; above $3,000,000 Excursion gambling boat and gambling structure – twenty-two percent; Racetrack enclosure in the same county as other licensees and issued a table games license but with adjusted gross receipts of less than $100 million – twenty-two percent; Racetrack enclosure in the same county as other licensees, issued a table games license and with adjusted gross receipts of more than $100 million – twenty-four percent and Racetrack enclosures with no other licensees in the same county – twenty-four percent.

This tax is distributed one-half of one percent each to the city and county, eight-tenths of one percent to the County Endowment Fund, two-tenths of one percent to the State Miscellaneous Fund and the remainder to designated state funds.
