The Honorable Kim Reynolds
Governor, State of Iowa
State Capitol
Des Moines, IA 50319

Dear Governor Reynolds:

I am pleased to submit the 2020 Annual Report on behalf of the Iowa Racing and Gaming Commission (the "Commission"). The Commission is committed to maintaining a vibrant racing and gaming industry that provides economic growth and development for the State of Iowa while continuing to promote responsible gaming and ensuring continued participation in the "Buy Iowa First" program. As always, the integrity of the racing and gaming industry in Iowa remains our highest priority.

Consistent with other industries, revenues at the gaming facilities decreased in 2020 amidst the COVID-19 pandemic. Still, facilities generated more than \$245 million in overall gaming taxes for the year despite closing from March 17 through June 1. Over \$35 million was contributed this year to the non-profit licensees. 2020 also marked the first full calendar year of sports wagering. Sports wagering generated \$2.8 million in overall wagering taxes, and the market is showing signs of growth. The gaming and sports wagering industry continues to provide significant revenue to the state and has helped fund numerous projects and programs at the local level.

The pandemic brought significant challenges to the casino gambling, sports wagering, and racing industries throughout the world. Facilities were shuttered and professional and collegiate sports were suspended during the spring and summer of 2020. The Iowa gaming industry was not spared, and many operators and employees endured difficult times. When the facilities were closed, the Commission lent 60% of its staff to Iowa Workforce Development to help process unemployment claims for Iowans and reduce regulatory fees for the industry. With the assistance of state and federal programs and due to the strong position of the Iowa casinos prior to the pandemic, the gaming industry was able to rebound this fall showing months of year-over-year revenue increases comparable to 2019. Attendance is still significantly down from prior years; however strong health and safety protocols have been implemented in all casinos in Iowa, and the industry is hopeful people will continue to feel comfortable attending casinos which may lead to attendance growth.

One bright spot in 2020 was sports wagering. The regulatory framework outlined within the sports wagering statute and implemented by the Commission has proven to be very successful to date at ensuring the new Iowa industry is safe and operated with integrity, while still allowing for

growth. In fact, despite some tough months in the spring of 2020 with most sporting events cancelled around the world, the Iowa market rebounded to greater heights setting new wagering handle records for consecutive months in September, October, November, and December respectively. In addition, four new online sports companies begin operations in 2020 and 13 more companies have entered into agreements with Iowa casinos to conduct online sports wagering in 2021.

All material capital projects into the gaming facilities were delayed due to uncertainty surrounding the pandemic. Capital reinvestment by operators in the Iowa gaming industry is critical to maintaining vibrant entertainment destinations that attract people from other markets, serve the local and surrounding communities for which they are located, and provide quality jobs. With gaming imminent in competing markets, the Commission will be monitoring capital reinvestment closely in 2021 to ensure the Iowa market is putting its best foot forward.

The horse racing meet was also disrupted due to the pandemic with Prairie Meadows delaying the start of the meet until June 19th. The number of days raced was decreased from 84 to 67 in an effort to save purse money for the meet in 2021 due to an anticipated decline in 2020 gaming revenues from which racing purses are funded. As planned, a mixed breed meet with thoroughbreds and quarter horses was conducted in 2020. Field size increased in 2020 compared to 2019, and an 84-day mixed breed meet is once again planned for 2021. It should also be noted that in December, Congress passed and the President signed the Horseracing Integrity and Safety Act into law providing for federal oversight into certain aspects of horseracing throughout the United States. The new legislation contemplates a newly created Horseracing Integrity and Safety Authority to work with state regulators in carrying out standard requirements in the areas of medication use and racetrack safety. The Commission is uncertain at this time how this new Act will impact racing or racing regulation in the State of Iowa, however the agency will stay abreast of related developments throughout the year.

The Commission wishes to commend its staff for their continued hard work and dedication. Additionally, we appreciate our Administrator, Brian Ohorilko, along with his staff, the DCI and the Attorney General's Office for providing the commissioners, the racing and gaming industry, and the public, thorough, timely, and accurate information and analysis. The challenges facing the Commission in 2021 continue to be daunting with the sports wagering industry growing rapidly, increased competition in certain gaming markets, and a racing regulatory framework that may be modified.

It continues to be a pleasure and privilege for me and the other commissioners to serve at your request on the Commission.

Sincerely,

Kristine Kramer, Chair

Iowa Qualified Sponsoring Organizations

All of the commercial gaming operations in Iowa have an agreement with a qualified sponsoring organization (QSO) licensed to conduct gambling games. QSOs are nonprofit corporations and receive a portion of their respective operator's gaming revenue as set forth in each agreement. These nonprofit license holders reinvest in numerous charitable and civic needs in and outside of their communities. A listing of each QSO can be found on the Iowa Racing and Gaming Commission's website.

Additionally, pursuant to Iowa Code 99F.11(3)"c", eight-tenths of one percent of the adjusted gross receipts is deposited in the county endowment fund under the control of the Department of Revenue. The money is distributed to the 84 counties in Iowa without casinos.

Lastly, pursuant to Iowa Code 99F.11(2), each QSO receives three-quarters of one percent of sports wagering net receipts.

Iowa's QSOs were projected to distribute \$35,214,762 in CY20.
The County Endowment Fund distributed \$9,009,255.

Advance Deposit Wagering (ADW)

Advance Deposit Wagering (ADW) is a method of pari-mutuel wagering in which an individual may establish an account, deposit money into the account, and use the account balance for pari-mutuel wagering.

ADWs are authorized under Iowa Code Chapter 99D.11, and have been operating in Iowa since 2016. There is currently only one active ADW licensee in Iowa: ODS Technologies L.P. d/b/a TVG Network.

Voluntary Self-Exclusion Program

The first form for the Iowa Voluntary Self-Exclusion Program was signed on October 08, 2004. Since then, more than ten thousand individuals have enrolled in the program, excluding themselves from wagering with or entering the gaming areas of state licensed casinos and racetracks.

Total Program Enrollments <small>*As of 12/31/2020</small>	
Enrolled for Lifetime	6,908
Enrolled for 5 years	1,921
Total Enrolled	8,829

2020 Enrollments	
Lifetime Enrollments	101
5 year Enrollments	401
Total Enrolled	502

Many things have changed for the program over the years. At its inception, individuals were able to enroll for only a lifetime term. Beginning July 01, 2017, the program expanded to allow individuals to enroll for five years or lifetime. The program also started to allow individuals who enrolled prior to July 01, 2017 to revoke their enrollment if they have been enrolled for five or more years.

2020 Revocations	
Successful	436
Ineligible	147

Note: 22% of revocation requests were unable to be processed. Of those, 81% were not found to be a statewide self-exclusion and 19% were duplicate requests.

Sports wagering and fantasy sports were included in the Self-Exclusion Program when they became legal in Iowa.
