## Section 1: Background

The following table represents a full and complete list of approved wager offerings pursuant to Iowa Administrative Rule 13.3. Any wager offering not explicitly stated below for which a sports wagering facility operator or advance deposit sports wagering operator would like to offer, must be submitted by application to the Commission for investigation and approval.

Unless explicitly stated below, individual athlete and/or "Prop" wagers and bets are NOT pre-approved and must therefore be submitted to the Commission for investigation and approval. Once a "prop" wager has been submitted and approved for one sport/league or operator, then said wager will become available to all operators under the conditions approved and subject to rule 13.3(2).

A separate wager request form must be completed for each type of wager, as well as for each individual sports league. Written approval for all wager types is required prior to the offering of the wager. Once a wager has been approved, it is available to all operators under the conditions approved and subject to rule 13.3(2); before offering a wager, each individual operator must also receive Commission approval for its house rules regarding: the payout information, definition of an official contest, and source of information used to determine the outcome.

\*Note: PointsBet has received Commission approval for its proprietary wagering type, "PointsBetting," which determines its outcome and payout based on how much a bettor "wins" or "loses" on said wager.

\*\*Note: Player Proposition wagers do NOT include placing a wager on the performance or nonperformance of any individual athlete participating in a single game or match of a collegiate sporting event in which a collegiate team from this state is a participant – see Iowa Code, Chapter 491: Racing and Gaming Commission. Player Proposition wagers for individual athletes from state of Iowa colleges are strictly prohibited.

\*\*\*Note: Approved for ONLY team events.

2/18/2020 \*UPDATES INCLUDE: Addition of Kickboxing and specific NCAA Wrestling wagers. Specification of approved wagers for only team events. Addition of specific 3-way wagers.

---

**Approved** Player Propositions include, but are not limited to:

- Futures/Outrights (MLB Cy Young Award, NFL MVP, NCAA Football Heisman Trophy, etc.)
- Totals (Total yards in a game, total points scored, etc.)
- Player statistic over/under totals (Player Z scores more than 15 points in first half of game 1)
- Golf (End of round leaders)
- Place Betting (Top 5, 10, 20, 30, 40, etc.)
- Head-to-Head (Phil Mickelson vs. Tiger Woods, Jimmie Johnson vs. Kyle Busch, etc.)

**Negative Outcome Propositions** of all kinds are **impermissible**. Examples of **impermissible** Player Propositions include, but are not limited to wagers that are:

- Inherently objectionable (Will any player suffer an injury, will any player be arrested during off-season, how many games will injured player miss, etc.)
- Officiating-related (When will first penalty flag be thrown/foul be called, how many penalty flags will be thrown/fouls be called, what will be the game's first accepted penalty, what will be the result of the first Coach's Challenge, etc.)
- Determinable by one person in one play (Kicker to miss his first FG attempt, QB's first pass to be incomplete, RB's first rush to be under 3.5 yards, RB to fumble first carry, player to miss first free throw, etc.)
- Pre-determined (Will QB start this week, will team's first play from scrimmage be a run or pass, will player be traded mid-season, roster decisions, etc.)

Proposition wagers for the annual NFL Draft **are authorized**, as long as the wager markets close at least 24 hours before the event (**in-game wagering is impermissible**) *and* the wagers offered meet the proposition wager guidelines detailed above. Drafts for other leagues have not been approved at this time, so this section is applicable to *only* the NFL Draft.

The approval of Totals or Over/Under wagers includes wagers which would be placed on Totals or Over/Under set for specific periods or "in-game\*" wagering, including but not limited to: halftime, quarter, inning, and period totals. Correct Score wagers, or "Results Betting", is also approved in relation to the final score of a game.

Head-to-Head (H2H) in these instances refers to bets placed on events in which there are a field of competitors, but the bettor selects one of two pre-determined competitors (pre-determined by the sportsbook) to best the other in the prescribed event. The overall winner of said event may hold no weight in determining the outcome of H2H bets.

Three-way betting (Win, Loss, or Draw) is permissible in limited categories, specifically for events with three possible partial or final outcomes (Team X will win, Team Y will win, both teams will draw; Team X leads at halftime, Team Y leads at halftime, both teams are tied at halftime).

Wagers are only allowed to be placed on the "premiere" leagues for respective sports and NOT subordinate developmental leagues. I.e., MLB wagers are permissible, MiLB wagers are NOT permissible; NBA wagers are permissible, NBA G-League wagers are NOT permissible; elite-level ATP events are permissible, ATP Challenger events are NOT permissible; USL Championship league events are permissible, USL League One, USL League Two, and the youth Super Y League events are NOT permissible.

Wagering on NCAA events **is authorized** for athletic programs competing in Division I (FBS and FCS), Division II, and Division III.

Wagering on friendly/exhibition/pre-season, post-season, and all-star contests **is authorized**, as long as the specific wagers for such games are included in the approved wagers list. Wagering on skills-based competitions in tandem with all-star games **is authorized**, as long as the wagers offered are limited to the individual outright winners of each competition (Player X to win Hardest Slapshot, Player X to win Best Hands Challenge, Player X to win 3-Point Contest, etc.).

**2/18/2020 \*UPDATES INCLUDE:** Addition of Kickboxing and specific NCAA Wrestling wagers. Specification of approved wagers for only team events. Addition of specific 3-way wagers.

### Section 3: In-Game Wagering\*

\*In-game wagering is approved for wager-types which are explicitly stated as approved on the Offerings Table. I.e., an alternative spread wager during a timeout of an NFL game; mid-first quarter Moneyline wager on NFL game, etc.

The sportsbook or vendor has the discretion to select when and how these in-game wagers may be offered, assuming the wager falls under an already approved wager-type.

The sportsbook or vendor is in charge of setting its own "in-game wager" limits.
